Manitoba CCF Platform

The CCF will build a more equitable and co-operative society in which mutual aid and social ownership will be fundamental principles. To this end the CCF in Manitoba advocates the following:

- I. A province-wide hospifalization plan.
- 2. Re-organization of our educational system in order to provide more qualified teachers, greater efficiency, and equality of opportunity.
- 3. Government automobile insurance.
- Re-organization of municipalities in co-operation with the Union of Manitoba municipalities.
- 5. Grants to municipalities for road construction on the basis of need.
- Orderly marketing of farm, fur and fish products through marketing boards on which producers would be fully represented:
- A system of compensation for crop damage from game animals and birds.
- 8. Assistance to fisherman in rehabilitating the fishing industry.
- A program of industrial development to provide employment and raise the standard of living.
- A provincial Labor Code.
- An independent commission on redistribution of electoral representation.
- 12. The right to vote at eighteen years of age.
- 13. Free treatment for the victims of cancer, polio, and other disabling diseases.
- 14. Assistance to old age and blind pensioners in need, and to the recipients of Mother's Allowance, including medical, dental, optical and hospital care.

What CCF Planning has Achieved in Saskatchewan

Here are reasons why the people of Saskatchewan, on June 12, 1952, re-elected a CCF Government for the third successive time . . .

The BEST Hospital Plan In North America

For just \$10 a year per person, or a maximum of \$30 a family, everyone gets complete hospital care anytime — no costly extras — and Saskatchewan has more hospital beds per population than any other province. Saskatchewan also has the best mental health services, and the only air ambulance service, in Canada. Cancer treatment is completely free.

The BEST Auto Insurance Plan On The Continent

Every motorist is covered by the auto insurance plan costing only from \$5.00 to \$20.00 per year depending upon the age of the car, and for another \$16.00 the motorist may buy the "package policy" which gives coverage that costs from \$50.00 up in rural Manitoba, and from \$75.00 up in urban centres. In addition the Saskatchewan plan includes auto accident insurance for everyone with benefits up to \$10,000.

The BEST Farm Legislation

re

of

nd

CCF farm legislation is planned to meet the needs of the big rural population of Saskatchewan. It provides feed and fodder reserves, scholarships to increase veterinary services, generous aid to young farmers. No farmer has been evicted from his farm since the CCF became the Government in 1944

The BEST Labor Legislation

The CCF Government has provided the finest labor legislation on the continent, Canada's highest minimum wage, best compensation laws, two weeks' vacation with pay, eight paid statutory holidays by law, the right of civil servants to organize and the abolition of company unions.

A Word About Your CCF Candidates

IN ST. BONIFACE

MRS. KAY MacKINNON

was born in Sheffield, England, and came with her parents to St. Boniface in 1903.

She was married to Mr. Hugh MacKinnon in Sioux Lookout in 1922 and has three daughters.

Mrs. MacKinnon has been associated with the CCF movement since its inception and was a personal friend of the late J. S. Woodsworth.

She is a member of the world Government Association and O.E.S. and a Past President of the Ladies' Auxiliary of the Canadian Legion.

Mrs. MacKinnon is keenly interested in the welfare of human beings and believes that with a lot of hard work and good planning the world would be made a better place in which to live.
